The benefits of Chamber PAC

1. It's tangible

It is essentially delivered directly to customers' and prospects' hands, they are virtually guaranteed to see and read your message. Since customers can also physically touch a piece of mail, they are more likely to see its contents as reliable.

2. It comes in a form that is familiar

With the recent data leakages and hacks many customers may be skeptical about email messages or other novel marketing media, they remain more receptive to direct mail, to which they are accustomed.

3. It's cost effective

While the creation of your flyer itself is easy and affordable, actually mailing each campaign is also relatively economical with the Chamber. Also, this year there is the added convenience of the option to have the Chamber print your flyers.

4. It has a proven track record

To track its success, members need only count the number of inquiries made, coupons redeemed, or the additional traffic at your business.

The flexibility, affordability, and user-friendliness of Chamber Pac makes it favorite for many members.

We are happy to support our members and bring back this great advertising program.
